Submits a return for receipts & Expenditure of the farm for December 1910. 4

10 The reply of the military Secy does not clear up the point. In fact it confirms the impression that hire for transport carts used on the farm is not charged by debit to the farm & credit to Transport Corps. Only cart hire, better be paid in cash to local ~~contract~~ cartmen are debited to the farm account.

11 Also the supply of free grass to Kunigal vitiates the account.

12 I think that the form of accounting suggested above by Mil Secy is suitable for bringing out the true financial result and the Military Secy may be asked ~~if he can arrange~~ to give such an account for the last year to enable us to understand the real financial result. We should also arrange ~~to get~~ that in lieu of the present account an account on the above lines should be submitted yearly by the Military Secy

I submit for information certain correspondence between the Financial Secretary and Col. Jones, Military Secretary, on the subject of accounts of the Hessarghatta and Nademávinapur Farms.

2. With a view to give Government an idea of the exact financial results of the operations on these Farms, letter No.Fl.145 dated 12th July 1911 was addressed to Col. Jones requesting that the accounts may be submitted to Government through the Comptroller, giving figures under certain specified heads. Col. Jones in his No.242 dated 17th July 1911 has replied that the above letter would "be handed over to the officer appointed to receive charge from him (Col.Jones), so that in future he may furnish the information" required.

3. In the absence of classified accounts the inference is that financially the farms are not paying.

Sir,

With reference to your letter No.Fl.4899/Gl.Fin.275-10-2 dated 18th March 1911,I have the honor to inform you that I certainly usually charge cart hire as expenditure.

2. Hire should be charged ex-actly as it is incurred.

3. The Farm being within a certain radius no batta is charged by the Transport.

4. Batta is only charged by the local cartmen but to no considerable amount.

5. Under the present system no charge would be made for grass supplied to the animals at Kunigal. In fact I ordered a large quantity of Hessarghatta grass at Kunigal to be destroyed as it had become unfit for use owing to heavy rain and want of cover.

6. The Establishment belongs to both Kunigal and Hessarghatta. Both are Superintended by me and a Farm Assistant is now at Hessarghatta.

7. I think the two had better be clumped together for Financial review.

I have the honor to be

Sir,

Your most obedient servant
